

The VELA health insurance

Comprehensive health insurance cover is essential for a carefree stay while you pursue your studies in Germany. With VELA, you can quickly and easily purchase the appropriate insurance cover online.

What are the requirements for taking out health insurance cover?

You can take out insurance until you reach the age of 45. The maximum insurance period is five years (60 months).

You can choose between the following two tariffs:

VELA Optimal Deutsches Studentenwerk

Costs for return to own country for medical reasons: 100 %	✓
Psychotherapeutic treatment	✓
Dentures: a maximum of € 2,600 within 12 months	✓
